Some ingredients and/or materials used might cause allergic reactions or health problems. You should ensure that you are fully aware of the allergies and health conditions of those taking part. If you have any concerns about your own or somebody else's health or wellbeing, always speak to a qualified health professional. Activities listed within the resource should always be supervised by an appropriate adult. Children should be supervised when using sharp items such as scissors or other tools. Please make sure you are aware that children may put craft items into their mouths, and that they should wash their hands afterwards. By using this resource, you acknowledge that it is the responsibility of supervising adults to ensure the safety of children in their care and that we will accept no liability as a result of the activity.

Natural Materials Winter Craft Activity

Hedgehog Camouflage Collage

Help your hedgehog with his camouflage by using natural materials like leaves, moss or twigs to create this collage.

You will need:

- Hedgehog template printed onto card
- Glue
- Leaves and other natural resources (moss, twigs, etc.)
- Brown and black paint

1. Collect some natural materials:

- leaves
- moss
- twigs

Leave them to dry.

2. What colour is a hedgehog? Paint its tummy, face and legs. Don't forget to give it an eye, a nose and a mouth.

3. Put glue on the leaf outlines by the hedgehog's feet. Choose some of the leaves you found outside and stick them on so it looks like your hedgehog is walking through leaves.

4. Let's cover his back in spiky quills.

Put glue on the hedgehog's back. Use the leaves, twigs and moss to cover his back. Try to lay them so they point outwards.

5. How does he look? Can you spot your hedgehog hiding in the leaves?
