LO: To share our opinions and thoughts on change and what we think lasts forever.

Which of these do you think will last forever - oceans, celebrities, love, friendship, the world, water, dinosaurs, the truth, memories, mountains, the sun, planets, a skeleton, food, trees, sky, Stonehenge, Jesus, a photograph?

Have a think and write your answers down, giving a reason for your opinion.

Write these headings in your book:

lasted my lifetime so far

I think will last forever

I wish would last forever

Can you think of ideas that you can put under each heading?

Write reasons why you would want some things to last forever. Think about your feelings and if these ideas make you safe, secure or reassured etc.

If you find this piece of work too challenging or difficult, then please don't force yourself to do it 😊
