Robin Class Newsletter - Week Beginning 14th - 18th February 2022

In literacy the children began the by continuing to learn their re-tell of the story of Tammy meeting the Arctic animals. The children performed their re-tell of the story and I was so proud of how well they had learnt it. Later in the week they wrote the story of when Tammy met the animals.

In maths the children worked hard on their assessment paper on place value to 20. We then spent the week learning all about measuring length and height. The children worked in groups to measure each other and learnt all about how to use a ruler. The children measured mini polar bear figures using rulers and cubes.

In phase 5 we have continued to review all their learning for the half-term. The children were able to use their phase 5 learning to write some super sentences.

The children have made and decorated 'busy books'. In the mornings the children have been spending some quiet time writing in their books.

The children have now all been given their very own class jobs and have been working hard as part of a team to keep our classroom tidy. We even have our very own kindness monitors. We have started a friendship and kindness raffle jar. The children can earn raffle tickets during the week for acts of friendship and kindness. The raffle tickets are then chosen at random during our class celebration meeting and the children are able to win prizes for their efforts. I was sad to miss our Friday celebration today so please tell the children we will draw the raffle once we return to school.

The plan today was to hunt for polar bear footprints and measure them as I topic ending for our Arctic topic. I will try and do this lesson again on our return. The first week back after half-term we will be having a pirate week. We will then be learning all about Spring and will be writing some Spring poetry. Spring 2 term will be an Africa focus and specifically Kenya using the story of Handa's Surprise. I am hoping to finalise some African drumming for the children as a topic launch.

Thank you for a lovely week and we hope you all have a lovely half-term. Hope you have all kept safe after the stormy weather today!
