

Level 3 Ring Toss Game

Level 3

Adult Guidance

- Print the Ring Cut-Outs onto card, laminate and cut out. Alternatively, use your existing PE rings for this game.
- For the targets, you could use kitchen roll holders or tall drinks bottles part-filled with some water, sand or gravel. Print the Word Cards provided and attach one to each target.
- Children throw the rings onto the targets. They read the word on the target they are aiming for.
- Whoever gets the most rings on target, wins! Encourage children to try to get a ring on each target and read all the words.
- You could challenge children to say a caption or sentence with a word they land on.
