

Wren Class Newsletter - Week Beginning 06/12/2021.

During our Phonics lessons this week, we have been learning the sounds 'v', 'w', 'x' and 'y', along with tricky words 'and', 'has', 'his', 'her'. The children have practised reading and writing words containing these sounds.

This week in Forest School, the children enjoyed exploring the forest and making Christmas decorations.

On Tuesday, the children performed the Christmas Play. They were amazing! We first filmed it scene by scene and then they performed it for their Year 6 Buddies. We are hoping to have an edited version of the play ready for you to watch shortly.

During our Literacy lesson the children made and wrote Christmas cards for their Year 6 Buddies. We will deliver these to Year 6 next week.

The children had their RE lesson with Mrs Spong and learnt about the Wise Men from the Nativity story.

During our Maths lessons this week, we explored number 5. The children practised different ways to make 5, one more and one less and practised subitising number from 1-5.

The children had a great time on Friday wearing their festive jumpers and eating their Christmas Lunch together. They helped decorate the Christmas tree in the outdoor area and have been busy writing cards and wrapping presents in our Christmas Post Office!

Have a lovely weekend!
