

Moving to Year 5

Welcome to
Kestrel Class

My name is Mr. Searle and next year I am going to be your class teacher. Most of you will probably know me but I can't wait to meet you all properly in September.

This is Mrs Roberts. You already know her! She is going to be in Kestrel Class with me in the mornings.

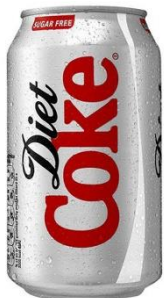

This is Mrs Zarti. You know her too! She will still be helping and supporting you in Kestrel Class.

Some things that you may or may not know about me:

I'm married to Mrs Searle, the Headteacher. She is my boss at school and at home!

I have two children: Imogen and Rowan. Some of you will have met them in school - I often talk about them in class.

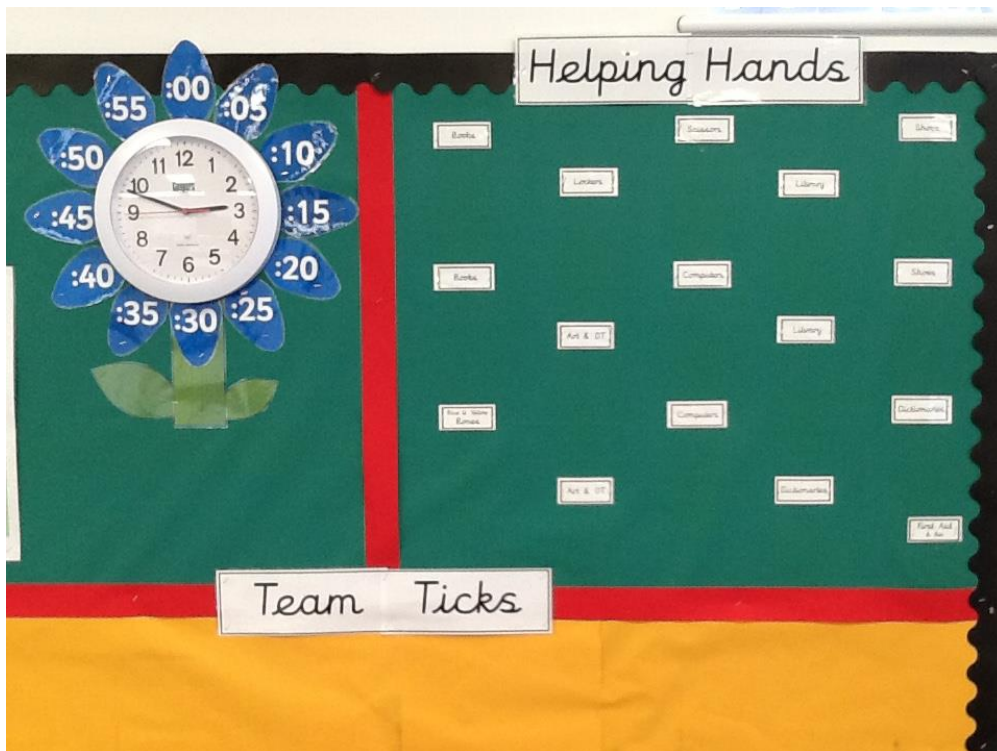

I drink (probably too much) Diet Coke - you'll often see cans in the classroom!

I'm mad about sport: playing cricket (and writing the match reports for the local paper) and supporting Liverpool football team.

Here are displays I have up:

The Maths Working Wall:

The Helping Hands and Team Ticks board:

But sometimes the classroom can look quite different:

This is usually because I have altered it to compliment the termly topics we study:

We are not amused

May the Force be with you

Ready, Steady, Go!
