

Wren Class Newsletter - W/B 19/02/2023

We hope you had a lovely half term!

This week in our Literacy lessons, we have been learning about the Solar System and the eight planets that are found there. The children have learnt the names of the planets, facts about them and that they revolve around the Sun. The children decorated their favourite planet and wrote a fact about it.

In Maths the children learnt all about number six and practised different ways of making six and one more/one less than six in Mrs Harvey's Shop.

During our Phonics lessons the children have practised reading longer words and 'chunking' them to make it easier to read. E.g., laptop would be read as 'lap' and then 'top'.

The children missed Forest School this week but were lucky enough to have a special session on Thursday with their Year 6 Buddies. Mrs Miles very kindly made over fifty pancakes on the camp fire for the children to enjoy whilst they listened to the story 'Mr Wolf's Pancakes'.

Carrying on our theme of new-year celebrations, in our RE lesson this week the children learnt about the Hindi celebration Holi which takes place in March all over the world.

In our Dreams and Goals, PSHE lesson the children talked about what their dream job would be and what they would need to learn to achieve this.

In our PE lessons the children are learning ball skills. This week they practised catching and bouncing a small and large ball.

Lastly, the children continued their 'Balanceability' lessons by practising balancing and movement exercises.
