

Welcome to Owl Class

MR WICKENDEN

Mr Wickenden is your class teacher.
Mrs Lewis will be in class each
morning to support the class.

What's happening this year

- ▶ We will work on our core subjects of English (reading for pleasure, reading fluency, reading comprehension and writing), maths and science in preparation for the transition to secondary school.
- ▶ In addition to this, there will be a focus on the foundation subjects which will include Mrs Higgins continuing to teach some of the P.E., Mrs Hignight introducing Spanish and Mrs Roberts teaching Music.
- ▶ The year will also include lots of additional extra curricular activities such as the residential trip to Mill on the Brue in the summer term.
- ▶ It is a year of working hard and playing hard, and we look forward to starting together in September!
