Children: Test Test

Notes

Hi Everyone,

The children have settled back into school and have enjoyed the two days this week.

We will resume our Phonics lessons next week when we have a full week in school but have practised the sounds we have learnt so far and also blending simple words.

On Thursday the children drew a picture and had a go at writing a postcard about something they did over the holidays and today they have discussed New Year and how we celebrated it in the UK. The children sang Auld Lang Syne, watched the London fireworks and wrote about a new year's resolution that they could do.

In Forest School, the children practised bird watching ready to complete a survey in a few weeks and made the number 2024 using natural materials.

Our Year 6 buddies visited on Friday afternoon and read stories to the children.

Have a great weekend and I look forward to next week when we start our topic 'Out of this World' by pretending to visit the Arctic and Antarctic!

Many thanks

Mrs Coe
