Dear Parents and Guardians,

Introducing the Arbor Parent App

As we continue to improve our communication with families and make things easier for parents, I'm delighted to introduce the Arbor Parent App.

Please see the [attached guide](#), which explains how to download, access and use the Arbor App.

The app will make it much easier for you to manage and update important information, including medical details, addresses and your child's personal information.

It will also give you greater visibility of your child's experience at school. Through the app, you will be able to access information such as:

- Attendance
- Negative Behaviour Incidents (we will use House Points for positive behaviour)
- Academic attainment and progress, which will be updated termly
- Parents' Evening bookings
- Other school events and administrative information

The Attainment section is particularly useful, as it will allow you to see how your child is progressing academically throughout the year.

Please note that for all payments have NOT been changed and remain the same.

Please have a play around with the app and familiarise yourself with the different sections and features. We hope this will make it easier for you to stay informed and work with us to support your child's education.

Let's enjoy, reflect and embrace today's Jeans for Genes day and I wish you all a lovely weekend.

Attendance & Lateness

May we remind you that our school day starts at 08.40am for Reception – Year 2 & 08.50am for Years 3–6.

Children arriving after 08.50am are marked as late for registration which impacts their attendance record. Attendance is monitored by the Educational Welfare Officer from RBWM.

The table below demonstrates the impact of this lost learning to the children.

School gates are open for drop off at 08.30am.

DID YOU KNOW? A two week holiday in term time means that the highest attendance you can achieve is **94.7%**

DID YOU KNOW? If you are 15 minutes late each day you will have missed a full 2 weeks of school in one year?

Attendance Matters

Every student. Every day.

BUILD A SAFE, CONFIDENT AND CAPABLE SWIMMER

Swimming is a life-saving skill...and a gift for life

For children, learning to swim is the ultimate life skill. As a parent, arranging swimming lessons, ensures your child masters these four vital milestones:

- Independence:** Strong, efficient strokes instead of basic survival.
- Buoyancy:** Effortless floating to rest and swim further.
- Navigation:** Safe entries, exits, and deep-water confidence.
- Mindset:** Panic control to stay calm in danger.

Help your child become a confident swimmer - Enrol your child in swimming lessons today.

"Swimming teachers are, first and foremost, life-savers and confidence builders. Their responsibilities extend far beyond demonstrating strokes, as they teach critical survival skills, help students conquer fear and panic, and instill resilience and trust that translates to everyday life."
